OFFERING PEACE OF MIND*

# FLORIDA STATE FENCE ALUMINUM SERIES

Florida State Fence aluminum fencing is made of durable material that combines the most stringent quality standards with the most innovative compounds to resist peeling, flaking, corrosion, rotting or rusting. Extremely durable, a Florida State Fence aluminum fence will keep its great looks for years to come.

Our Flat Top 2- and 3-Rail panels feature  $\frac{5}{8}$ " square pickets and standard 2" posts, with the ability to upgrade to 2½" posts for added strength. This style is contemporary, uniform and complements any home.

OUR 54" PANEL, ALLOWS OUR  
FENCE TO MEET MOST POOL  
CODE REGULATIONS.***

## Florida State Fence

Florida State Fence aluminum grade panels are simple and sleek, providing protection for any outdoor space.

### Features:

- 1" x 1" Rails
- 5/8" x 5/8" Square Pickets
- 2" x 2" Posts (with upgrade to 2 1/2" x 2 1/2" posts)
- 6' Wide Panels — Rackability up to 36"
- Available in Black, Bronze and White
- Our patented Hidden Panel Fastener System means no unsightly screws!

## Gates

Complete your aluminum fence project with a walk gate to match your fence. Our standard walk gates come in a straight style or you can choose to upgrade to a more decorative arched design. All gates are fully welded giving a clean, smooth appearance and include self-closing hinges.

**Straight Flat Top Walk Gate**

**Arched Flat Top Walk Gate\***

\* Arched walk gates are an upgraded option.

## Pool Code Specifications

Our 54" Flat Top 3-Rail panel features a flush bottom rail or "drop rail." This will allow a panel to meet code regulations by increasing the distance between rails while maintaining a desired height. Pool codes vary by state but also by locality. Be sure to check the codes in your area before ordering.

### PANEL SPECIFICATIONS

- Fence panel must be at least 48" tall
- Distance from the top of the bottom rail to the top of the next highest rail must be at least 45"
- Spacing between pickets must be less than 4"
- Space from the bottom of the bottom rail or picket should be 2" off the ground

### GATE SPECIFICATIONS

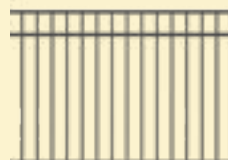

- Must have self-closing hinges and self-closing latches
- Need to open out (away from pool area)
- Opening mechanism of the latch must be at least 54" above the ground
- Must not use a cross brace on gates

**Flat Top 2-Rail 4' Tall**

**Flat Top 3-Rail 4' Tall**

**Flat Top 3-Rail Flush Bottom 54" Tall**

BOERBOEL

## Premium Boerboel® Hardware

No fence is complete without the proper hardware to make sure gates stay closed and your property remains secured. We offer a locking pool latch for added security around pools (available in both standard and compact sizes).

Our 1- or 2-sided key access locking latch features easy push button access and our heavy duty gate latch can be locked on both sides with a padlock.\*

\* Latches need to be purchased separately.

**Locking Pool Latch**

**Locking Latch with Key Access**

All of our vinyl fencing is backed by a transferable limited lifetime warranty.
